SUMMARY DECISION SHEET

Purpose: Commissioner Decision – Ref.382

Timing: Singular

Title: DPP2513 Mobile Data Software

Category of Decision / Business Area Impact: Finance

Executive Summary:

Mobile data allows officers to undertake duties whilst out on patrol replacing the traditional pocket notebook and paper forms. With integration to Niche RMS and other back office systems there is no re-inputting of information providing a streamlined and efficient process.

The solution is now well embedded within the organisation and in order to take benefit from the investment and significant work in the solution, it is proposed that a seven-year contract is approved to cover the period June 2025 to June 2032.

Recommendation:

The recommendation is to award a contract for a seven-year period to Softcat as a Value Added Reseller who will directly contract with Motorola (previously known as Airwave Solutions) for the provision of 'Pronto' mobile solution under the Health Trust Europe COMIT3 framework. The total contract value is for £2,242,534.76.

Police and Crime Commissioner for Dyfed-Powys

I confirm I have considered whether or not I have any personal or prejudicial interest in this matter and take the proposed decision in compliance with the Nolan Principles for Conduct in Public Life.

The above recommendation has my approval.
